

THE Gleichen Call

TWENTY-FIRST YEAR No. 45.

GLEICHEN, ALBERTA, WEDNESDAY, FEBRUARY, 1, 1928

SUBSCRIPTION \$2.00 PER YEAR

Annual Town Council And School Board Meeting

The annual meeting of the ratepayers of the town was held in the Community Hall, Gleichen on Friday last.

About 26 ratepayers were present. Mayor Purcell took the chair and called the meeting to order at 8:15 p.m.

The secretary read the minutes of the previous annual meeting.

Messrs. E. Griesbach and L. Hutchison: That the minutes of the previous annual meeting be adopted as read.—Carried.

The mayor explained that as the financial statement had been mailed to each ratepayer ten days before the meeting and was a clear and comprehensive statement of the town finances he would not call in the secretary to read it over unless the ratepayers wished this to be done. Questions were invited but as everything appeared to be quite clear none were asked. General satisfaction was expressed with the statement.

Messrs. W. P. Evans and W. F. Ferguson: That the financial statement be adopted.—Carried.

Councillor Milliken reported for the public works committee.

The installation of the culvert and auxiliary drain pipe near the Post Office had cost \$900.00. W. Scobie's salary amounting to \$222.00 had been charged to Public Works. This included weed inspection, repairs to sidewalks and general town works.

Owing to the bad weather prevailing during the year very little had been done on the roads and it had been impossible to lay the sidewalk in front of Block 6. This would probably be undertaken during this year. No decision having been arrived at regarding the routing of the main highway from Calgary to Medicine Hat it was impossible to say definitely what expense would be incurred during the year in bringing the portion passing thru town up to the standard required for main highways.

W. F. Ferguson suggested that the council endeavor to have the portion between the S. W. of 18-22-22 and 7-22-22 taken over by the Blackfoot Municipal District as this was outside of residential area of the town. This was noted for the consideration of the new council.

Messrs. E. Griesbach and Dr. G. H. Farquharson: That the report be adopted.—Carried.

In the absence of Councillor Moss the secretary submitted the Fire, Light and Police report.

During the year there had been no fires. Inspection of premises had been carried out by the fire, chief and certain defective conditions ordered remedied. The fire equipment was in good condition and the hydrants all in working order. Lights services had been pretty well maintained except for occasional interruptions caused by stormy weather. Some of the street fixtures which were causing trouble would be replaced during the coming summer.

Dog tax collections were well up to normal and there had been only one police conviction during the year.

Messrs. D. Hutchison and J. E. Ostrander: That the Fire, Light, and Police report be adopted.—Carried.

The secretary also submitted the waterworks report.

The water supply had been well maintained during the year and there was an adequate reserve on hand at all times, for fire purposes. The repainting of the water tower had cost nearly \$800.00 while leaks had involved and expenditure of \$287.00. These were the major items of expenses. General repairs to building motors and well equipments amounted to \$303.00.

The introduction of iron clamping bands for leaks had saved considerable expense in effecting repairs and in most cases it was unnecessary to shut the water off for more than one

or two hours.

Messrs. J. E. Ostrander and E. Griesbach: That the waterworks report be adopted.—Carried.

The Mayor then submitted the finance committee report.

The mill rate and the levies for the year were explained. All departments had kept within their estimates and the financial year saw the town with a slight increase in balances over the previous year. These balances would be absorbed during the next few months in taking care of the school requirements.

Messrs. E. Griesbach and J. E. Ostrander: That the report of the finance committee be adopted.—Carried.

The Health Officer and Sanitary Inspector reports were then submitted. These showed the general health of the town to the good, only one case of notifiable disease occurring during the year, while the general sanitary conditions of premises throughout the town were, with one or two exceptions, exceedingly good.

Messrs. E. Griesbach and D. Hutchison: That the Health and Sanitary reports be adopted.—Carried.

Letters from the Department of Municipal Affairs in regard to change in the Town Act making the assessment of at least 66 and two-thirds of the improvement as part of the land were read.

It was explained that a very complete and accurate assessment would require to be made and this would require the services of a specially qualified assessor.

Mr. Griesbach asked what the cost would be.

The secretary stated that he had received quotations from two assessors, but owing to the uncertainty of weather conditions during February and March a definite figure could not be set.

The assessment, however, would stand for five years and with all the data filed, it would not be necessary to call in a special assessor at the end of that time.

Mr. FondioM etado idil ilnaol ooo of that time.

Mr. Ferguson thought that there was no need to spend so much money on a special assessment as the secretary had done the work satisfactorily for years. He was reminded, however, that in 1927 there had been a large number of appeals with general dissatisfaction.

Mr. Griesbach thought the matter should be left in the hands of the council.

Mr. Evans suggested that a separate account be kept of the cemetery receipts and that more be spent in keeping it in good shape.

Messrs. Cuthbert and Griesbach: That a hearty vote of thanks be accorded the council for the splendid manner in which the town's affairs had been handled during the year.—Carried.

The annual meeting of the ratepayers of the Gleichen School District was held immediately following the town meeting.

The chairman having been called away the secretary submitted the auditor's report. The school demand for the year had been met by the town and the trustees had kept within the estimates for the year with a slight increase in the balance in hand at the end of the year.

There were no questions asked and no discussion of the report.

Messrs. E. Griesbach and N. T. Purcell: That the auditor's report be adopted.—Carried.

The school inspector's reports were then read and general satisfaction expressed with the manner in which the school work was carried on.

The suggestion offered by the High School inspector that the High School be divided during the next term and an additional teacher

Gleichen Defeats Medicine Hat

VULCAN PLAYS HERE SATURDAY

Tomorrow the 22nd Battery Hockey boys go to Vulcan to play a game and a good crowd of fans will accompany them. Those who want to go should apply early to Manager Lewis for auto seats.

Saturday night Vulcan will play a return match at Gleichen in the Nov. 15 series. This game promises to be the best of the season and a big crowd is sure to be here to witness the fun.

According to gate receipts a crowd between five hundred and six hundred people—the largest hockey crowd ever seen in Gleichen—were on hand Saturday night to see Gleichen 22nd Battery hockey team, for the second time in less than a week sweep on to victory over the Medicine Hat Monarchs, with score of 4-2 or a total score for the two games 8-3. The side making the highest number of goals in the two games were to be declared the winner.

The first period opened uninteresting and lifeless. The Monarchs did not seem to want to force the playing and Gleichen followed suit evidently aiming to see what the Monarchs could try to do. Most of the time the monarchs kept three men on defense and Gleichen did likewise, remembering the Monarchs had made three goals catch up to Gleichen's lead. There were end to end rushes galore and fully Bob Brown, Gleichen's goal-keeper, received a pass from O. Wilson and cast it in for the first counter of the game.

Tiger got the only penalty of this period of one minute. The monarchs resorted to long shots which were of no avail against Al. Gleichen's rack goal tender. The Gleichen defence was too tight for the Monarchs to get anywhere near. The Gleichen goalie was called upon to actually save in seven times while the Monarch's goalie saved 5 times.

In the second period things livened up a little and it looked for a few moments as if the game might get out of hand but the referee's eagle-eye missed nothing. Brown got bumped into the boards and Amson went to the cooler, then Tiger hit the boards and Nason went to the igloo, shortly after this Tiger got bumped over the ice and Knight then darkened the cooler for a minute, Johnston of Gleichen also drew

secured for High School work was discussed. Mr. Menard was in favor of this being done as our pupils found themselves handicapped in university by not being taught any languages. The trustees explained that an endeavor had been made to secure Miss Flynn's services to teach French after school hours but that she would not consider it.

The question of High School fees from outside pupils was discussed. The secretary explained that \$30.00 was collected from these pupils but that it was costing Gleichen School District \$95.00 a head to provide High School education for them. He also mentioned that the cities and towns had taken up the matter of increased grants with the minister, who had held out us immediate hope that this would be considered by the Government unless some means could be devised of taxing the people of the Province generally to raise the additional \$3,000,000.00 required.

The secretary also explained that a deputation of two had been appointed by the trustees to interview Mr. Buckley and endeavor to have him support a move to charge increased High School fees when the School Ordinance is being revised during the coming season.

Mr. D. Hutchison moved that a cordial vote of thanks be extended to the trustees.

This was acceded to and Mrs. Yates replied briefly on behalf of the trustees.

Messrs. D. Hutchison and R. A. Brown moved the adjournment.

GLEICHEN CURLERS RECOVERING—LIKE CALGARY SPORTS

The Gleichen curlers have now sufficiently recovered their voices to be able to tell a little about what happened at the Calgary bonspiel, and although they did not bring back any glorious trophies they certainly represented Gleichen in good form.

Five games were lost with the odd points, two of the other games were thirteen end games, tying on the twelfth end. They are full of praise for the bonspiel management and the Calgary curlers in general for the splendid way in which they treated the visitors this year. Not in the least discouraged they are determined to go back next year and with their additional experience will make a fine showing.

The rink representing Gleichen this year was skipped by Frank Owen and consisted of Hugh Bates, lead, W. Jeffers, 2nd; Dan MacDonald, 3rd; and Owen, skip. They all report having had a royal time during the bonspiel week and are most enthusiastic about the old Caledonian sport.

At a meeting of the W.M.S. of the at the home of Mrs. J. C. Melvin last Wednesday afternoon the following were present: Mesdames H. Hall, D. Hutchison, M. Murray, R. C. Corcoran, Anderson, J. C. Melvin and pieces of the W. M. S. sometime in the United Church of Gleichen was held. The officers appointed for the year 1928 are: President Mrs. Henderson, Sec. Mrs. A. Hutchison, Treas. Mrs. J. H. Wright, Missionary Monthly Sec. Mrs. Geo. Evans, Strangers and Christian Stewardship Mrs. Corcoran. The annual allocation was discussed and found too high. It was reduced to what was thought a reasonable figure. It was decided to call in all milk-boxes for the next meeting. Each member is requested to add to their number two "At-home members" who are supposed to help in their own way and not necessarily need to attend the meetings. The secretary was instructed to write to Rev. H. H. Bingham with regard to a lecture to be given under the auspices of the W. M. S. sometime in the month of February. At the close of the business meeting Mrs. Melvin served a delightful tea.

The Gleichen Lodge No. 36, A.F. & A.M., held its installation of officers for the year 1928, W.B. A. R. Yates acted as installing officers. The following officers were installed:

W. Bro. A. G. B. Lewis.....W.M.

600 VIEW NEW FORD CAR

The showing of the new Ford car at Gleichen last Thursday and Friday created a great deal of interest throughout the district. More than 600 persons visited A. F. MacCallum & Roy Smith Motors garage during the two days and fully 150 of these enjoyed a ride in the new car, while 15 of the new cars were purchased.

While the new car was carefully examined and Mr. MacCallum was ever ready to explain and answer all questions none found fault or criticism.

Those who rode in the car were agreeably surprised with its smooth running particularly with the air-buffers. All were taken over the

Over 400 Attend Arrowwood Railway Mass Meeting

Over 400 prominent residents of the district surrounding this centre attended the meeting at Arrowwood last Friday afternoon to devise steps to promote the building of an extension of the C.P.R. from Arrowwood direct into Calgary. Mack W. Lyle presided and R. Moir acted as secretary. Some of those in attendance came in from a distance of 50 miles, so great is the interest in the question.

The following districts were represented at the meeting: Arrowwood, Antrim, Sunset, Gleichen, Queenstown, Shouldice, Milo, Glenview, Majorville, Gladdis, Blind Creek, Buffalo Hills, McGregor, Mosley, Cottage, Glen Valley, DeWinton, Rocky Butte, Elmsdale, Davisburg, West Arrowwood, Pine Canyon, Blackie.

The first speaker was Mr. W. D. Trego, who said the C.P.R. was holding back the progress of the community. This community had no direct market for the sale of their products and it was utterly impossible to make a real mixed farming district without a direct market.

J. Glambek, the next speaker, pointed out that the railroad had been started from Lomond west in 1924 and the balance was supposed to have been completed in a few years. They were still waiting for the completion. Some farmers were hauling grain from 20 to 40 miles. In the first place they pay two cents more per bushel than farmers on the main line of the C.P.R. The district was very anxious to go in for mixed farming and they wanted Calgary for a market. In the winter time it was almost impossible to run trucks or buses to convey produce from this district, which resulted in the shortage of milk, etc., in Calgary.

Mr. C. S. Kiddo of DeWinton, a member of the Wheat Pool, mentioned that this territory produces most products in Alberta. He also said the C.P.R. should extend west from Arrowwood to Calgary and use the old C.N.R. track.

A resolution committee was selected to draw up resolutions: C. C. Walker, W. D. Trego, J. Glambek, C. S. Kiddo and J. Steir.

The solution which passed, was as follows:

"Whereas, we, the farmers and business men of the Bow River Valley, along the route of the Suffield to Calgary branch line of the C.P.R. in mass meeting assembled of some 400 people feel that the development of the entire district is being very greatly retarded by lack of a connecting link not to exceed 60 miles of steel on account of

railway track crossing just east of town, which is considered the roughest place in this vicinity and were, more than surprised to find they could ride over it at 35 miles an hour without a jar. Many took occasion to remark favorably upon the fine appearance of the new car as well as the many other differences in the new model compared with all previous Fords.

EASTERN STAR INSTALL 1928 OFFICERS

The installation of officers of the Alberta Chapter No. 18, O.E.S. took place in the Gleichen Masonic Hall on Friday last when the following officers were installed:

CHAPTER XVII.—Continued

Helmi's eyes were two deep pools of wonder and delight. Then over them swept fear, like a raw east wind.

"But Jack, have you to go? Will you have to leave me and go away to the north? I don't want gold, dear Jack, I just want you—big lot money makes you little!"

Jack kissed her and laughed. "O Helmi, you will not mind my going. This man I am going with knows the North. He has lived in it for fourteen years, and he has the maps and all, and it's a great thing for me that he is taking me with him. There's hundreds of fellows who would wish they were in my place if they knew. But it is just the two of us and a half-breed guide. We have to keep it dark, because the oil syndicate are watching him. They know that he knows where the oil springs are, Helmi, he told me of a hot spring valley where the rocks are always warm, and tropical plants grow, and the creeks come boiling out of the mountains. He is a wonder, this man, and to think he asked me to go with him, and he will let me stake my claim with him and give me a share in everything."

Helmi looked at him with deep trouble in her eyes. "I wish you had never seen gold in the land, and never met this man," she said. "Now all our good times will be spoiled by thinking you have to go. Jack, I hate money, plumes on hat, and big rings and trip to Finland—now I just want you—and my nice little house to work in—and make nice. Don't go, Jack—just stay with me."

"Poor little kid," Jack said. "I know how you feel. That was the reason I did not say anything about getting married when I came at Christmas. I thought we would wait until I came back from the north, but it's better that we did get married, dear. I am glad we did, even if you are pretty cross at me leaving you so soon."

"Not cross, Jack, but just sad. My heart is cold and heavy, just like a stone."

"Now cheer up, Helmi, and listen. I want to tell you what sort of a dress we will buy first when we get our money. The color for you, with that top-knot of yours, is green, and

"High Rigger" Knocked Out By Extremely Painful Back

Gin Pills Saved Him Pain and Money

Mr. J. F. Miller's letter contains priceless advice to people who suffer from backache, and shows clearly the value of Gin Pills as a prompt relief for ailing kidneys:

"In the words that Fall I was seized to the skin for days. Cold got me in the back. I was so bad the woods boss wanted to send me to the city for medical treatment. One of the boys advised Gin Pills. In four days I was back on the job. Nearly all of the boys carry Gin Pills in their pack."

Neglect of kidney trouble is very dangerous. Backache is not the only symptom—dizziness, brick dust in urine, spots before the eyes, headaches, swollen joints, painful, scanty or too frequent urination are others. Take Gin Pills immediately and prevent Rheumatism, Sciatica, Lumbago, acute bladder trouble. All druggists carry Gin Pills. 50c a box. Would Like Patrol System

Force Patterned After R.C.M.P. Wanted In Alaska

Agitation for a patrol system like that of the Royal Canadian Mounted Police has grown out of the recent disappearance of two old-time prospectors in Alaska.

Kris Kline, one of the missing men, was traced to a crevasse across a glacier trail. The other, Mike Trapke, disappeared while journeying from Talkeetna to Susitna, a distance of 60 miles. Both are believed to have perished.

It developed that regulations do not permit a marshal or deputy marshal to leave the beaten highways to investigate alleged crime or to give aid to men in distress, unless so ordered by the district court and by it provided with funds to defray expenses.

A force, patterned after the Canadian organization, it is pointed out, would find much useful service to perform in this territory, searching out lost men and running down fugitives.

ing mad with loneliness!

Helmi cursed this man, this prospector who had put this wild scheme before her Jack. She wished the lightning had struck him dead. She interrupted Jack's writing. "What is the name of this man you will go with?"

"His name is Keith, Tom Keith. He has his home in Winnipeg, but is living on the Crescent."

Helmi's eyes blazed with sudden Finnish anger. Keith—a prospector—gold on the Nehanni! Again she could hear Minnie, poor little Minnie, broken and ashamed, telling her pitiful story. "He said he would stake a claim for me if I would never tell."

"He's a devil—he's a devil and a liar!" Helmi screamed. "I know about Mister Tom Keith!" and she poured out curses in Finnish which made Jack shudder, even though he understood not a word.

"Helmi, Helmi! What is wrong? How do you know this man—where could you know him?"

"I knew Minnie," she said, quite off her guard in her excitement. "The poor little girl he fooled. He's a devil, I tell you and you are not to go with him."

"Come here, little wildcat," Jack laughed; "calm down and tell me what you know. Don't scream like that; Mrs. McMann will think I am beating you. I may have to yet, too—I can see that."

Helmi stood looking at him—she would tell him everything—she must tell him. She had sworn never to tell, but surely when one is married it is different. Jack would keep an oath, too, with her—it would still be kept! Oh, it would be such a relief to tell her dear Jack! He would be sorry for all she had suffered. Yes, she would tell him everything. Her anger was all gone now, and the happy light had come back to her eyes. It would be so good to tell him.

She came over to him and put her arms around him. "Forgive me, Jack, I am a wild-cat; but it's all for love of you. Have you finished your letter? No! Well, I will wait."

Jack was just writing the address—Mrs. (Dr.) St. John, Chestnut Street, Winnipeg.

"I forgot the number," he said, "but everybody knows the Doctor. Now, come, Helmi, and tell me who Minnie is, and where you met her; in fact I want to know a lot of things."

Helmi, stood staring at the name, pale with emotion. She choked back a sob by biting her lip until it bled.

"Oh, there is not much to tell," she said, as carelessly as she could with her heart beating so wildly. "Minnie was a girl who lived in the same house in Winnipeg, and she said this man had said he would do big things for her, and he was just lying. He broke Minnie's heart—he is a bad man, Jack—that is all." She did not look at him when she spoke; she was afraid he would read in her face what she must not tell.

Jack could see that Helmi knew far more than she was telling, and a miserable black suspicion, in spite of all his efforts, began to grow in his heart. After thinking the matter over he decided he would not tell his sister in Winnipeg about his marriage. It was just possible that she would remember the name of the girl who had been arrested in the Chinese place, and there was no use in having the matter stirred up again. He kept telling himself there was some mistake about it, and he was not going to let it trouble him. But none of us can quite control the thoughts that come to us. Jack threw his letter into the stove one morning when Helmi was out.

CHAPTER XVIII.

Jack had told Helmi that his partner had stayed in Edmonton to raise money to buy their outfit, which they would ship to Peace River. People were investing their money gladly, and paying five hundred dollars for a claim. Helmi tried to reconcile herself to Jack's going, though she had no faith in the project. In her simple code of ethics, a man who would fool Minnie, taking advantage of her innocence and her poverty, would fool Jack and all the other people who paid him money. He was a bad man, this Keith, and there was no health in him. It was not possible that he could find gold—Why should God let a bad man find gold? But she knew she could not turn Jack aside from his purpose.

he would go. That he would be disappointed she feared, and in that she was only sorry for him; but he would come back then and settle down at the mines, and they would be happy, yet.

All this time Helmi was wondering what Mrs. St. John would do when she got Jack's letter, thinking, of course, that it had been sent. She understood her character well enough not to expect that she would square the matter by a full confession. She would "let it ride," as she so often said about anything that was disagreeable. She always hoped that time would work for her and solve her difficulties. Mrs. St. John would never face a disagreeable situation squarely. As Helmi grew older she grew more resentful of Mrs. St. John and the easy way in which she had stepped from under the responsibility, leaving all the blame on her. Still she was Jack's sister, his only relative, and besides she had sworn by the good words she had learned in God's house not to tell—the same words she had got married by—and they were still more sacred to her now.

Helmi made great progress with her lessons, now that she had no work to do other than her light household duties, which were just fun, and with Jack to help her when his work was done. She could read every word in the Blue Book now.

One day when she came to the place in her speller where girls' names were given, she asked him which one he liked best. Jack replied he did not like any of them very well, for the best name of all, 'Helmi,' was not among them.

She said she liked Lela the best, but the way she would spell it would be "Lili," the Finnish way. "And which boy's name, Jack?" she queried.

Jack read the names and decided in favor of Charles. Helmi wrote, in her large, clear hand:—

Charles Doran
Lili Doran

Jack looked at her and laughed. "Now, look here, Finn," he said, "we do not want either Charles or Lili for some time yet. Wait till I get the gold, and then we will go to live in Edmonton, and buy a big house in Glenora, and have a Chinaman to do the work, and two maids and a car, and we can have a whole flock, all with fiery gold hair just like yours—Lili and Charlie and Emil and Anna, and we will put up a high board fence around the whole place, so they cannot run away and fall into the river. Do you remember what you said when we were putting in the windows?"

Helmi looked up at him, laughing with something in her face which made him kiss her very tenderly. With her face buried on his shoulder, he did not see the fear in her eyes, the cold, gaunt fear—for the face that she saw was Aunt Lili's, white with death, her great eyes burning, and Aunt Lili was saying was: "Men don't want kids—and settle down like we do—they may say they do—but they don't—kids are trouble, men are all for self."

Two days after this the message came for Jack to go. Now that the time had come Helmi was cheerful and brave. She helped him to get ready, squeezing back the tears which were disposed to gather. He was going to leave quietly, letting people think he was just going to the Crossing. The plan was to go by boat on the Peace River as far as they could. Jack's partner knew every inch of the way; and he was so happy and excited Helmi knew he felt just the way she did when the money came from America.

"I will write when I get a chance to send a letter back, it is just possible we may not get a chance after we leave Fort Saint John, but I'll write from the Crossing anyway. Just say to yourself, Helmi, every day, your good words, and be a brave girl. I know you are that. There's two hundred dollars coming to me from the Mines. You can get that if you need it. I did not want to draw out everything and make them suspect I was going for good. For they've been watching me. Every one has his eye on Keith—he's the biggest man in the exploration world in Canada, Helmi!"

Jack was rolling his blankets as he talked. Helmi had his lunch ready, and stood watching him, her heart beating chokingly. There was something she wanted to tell him. Still, why should she worry him now? He had to go—he had promised—and besides, she re-

membered Aunt Lili's words: "Mike was all right with me until—No, no, no, she could not take the risk, and maybe it was not so. Jack was so gloriously happy, so confident—she must not worry him. Men cannot bear worry like women."

"Oh, I will be fine, Jack!" she said. Mrs. McMann is all over her little mad, and she will be glad to have me back again. Her Chinaman made a pudding in the washbasin, and the men did not like it."

"I don't want you to work for her, or for anyone, Helmi. Just make your garden and do what you like. You have plenty to live on, even without the money at the mine."

"Sure," agreed Helmi. "It will be company for me—that's all. I like to work; but every night I will be home here, and I will say my words, and 'God bless Jack and keep him safe'—prayers help a good lot."

"You're a good kid, Helmi," Jack said, giving her a hurried caress. The excitement of the chase was on him.

Helmi went with him that night over the hill and a mile beyond. Then he insisted on her returning. "It is just as easy to say good-bye here as anywhere," he said.

It was a mellow evening at the end of April. In a pond near by the frogs churred, and all the air was full of nature's awakening. There were strange creepings, rustlings and whisperings around them. It was a night of sweet odors and hushed bird voices.

"It may be a long summer, dear, but it will come to an end, and I think I can safely promise I will be home for Christmas. Don't expect me till you see me. Home for Christmas, with a gold mine for a present! How will that be?"

"I just want you, Jack," Helmi said, holding him in a close embrace.

Mrs. McMann welcomed Helmi's return to the boarding house. The Chinaman's way of muttering under his breath was disquieting to her peace of mind. She believed he was uttering Chinese curses. Helmi baked bread and biscuits, opened windows, scrubbed floors and polished glasses. She worked in a frenzy of energy which soon brought improvement to the disordered boarding house.

Mrs. McMann regarded her curiously. "Helmi is worried over something," she said, "maybe they haven't got along just as well as she thought. Good-looking men are notoriously hard to live with. Actors, musicians and preachers are perfect pills when you come to live with them. Well, she can't say I didn't warn her—I am thankful for that!"

Mrs. McMann prided herself on her faculty for eliciting information painlessly, and, as method one, used the familiar device of pretending to know all about the gold find.

"Aint it wonderful the wealth of this country all hid away from eyes that pry, and yet revealed when people go to the right spot. My! you must be proud of Jack; he's a lucky boy."

(To Be Continued.)

A teacher was giving his class a lecture on charity.

"Willie," he said, "if I saw a boy beating a donkey, and stopped him from doing so, what virtue should I be showing?"

Willie (promptly) — "Brotherly love!"

Royal Bank Annual Meeting

The annual General Meeting of shareholders of The Royal Bank of Canada marked the close of the most successful year in the history of the Bank.

Sir Herbert Holt, President, in his address, dealt more particularly with general conditions throughout the country, but touched on many developments of great importance, more especially from the standpoint of trade and industry.

C. E. Neill, General Manager, reviewed the growth of the Bank to the foremost position it now occupies and gave to the shareholders an interesting insight into the part the bank is playing in all centres in which it is now doing business.

Outlook Favorable.

Sir Herbert referred to the year's developments in industry, trade and finance as generally satisfactory. The foundation for the development which has taken place is sound. Sir Herbert declared that as yet there are no indications of industrial and commercial inflation. Production is not expanding to a point unwarranted by growth and demand and it is a noteworthy fact that the whole expansion has taken place during a period characterized by moderately declining prices. On the whole the financial situation in agriculture, industry and commerce is more settled than at the beginning of the period. Summing up the business situation, Sir Herbert stated that the "outlook

was never more favorable for prolonged prosperity in Canada."

Necessity For Curb on Unwise Speculation.

In commenting on the annual statement, Mr. Neill referred at length to the importance of call loans, which represent loans against stock exchange collateral, not only of the Royal Bank, but of all banks. He pointed out that this was indicative of three things:

"1. Increase in the number of securities available to investors.
"2. Increase in the market value of securities.
"3. Increase in speculation."

"In a growing country the development of its resources produces new securities. Prosperous times result in the enhancement in value of securities and for these reasons it is clear that the two first mentioned causes for the increase in Call Loans are at least some extent justified. As to the third, it is obvious that speculation has reached a dangerous stage. The best-informed financial and brokerage firms are already operating on an unusually conservative basis by calling for increased margins, by declining to open new accounts and by restricting the liability of their customers to reasonable amounts. In times of excessive speculation, the lure of easy profits cannot be denied, but speculation can be checked and held within reasonable bounds by the financial interests, particularly the banks, and bond and brokerage houses."

Announces New Expedition

Commander Byrd's Plans Include Final 1,000-Mile Dash Over South Pole

After dodging newspaper interviews for three months, Commander Richard E. Byrd has broken his silence regarding Antarctic Expedition plans, announcing he would leave New York, September 10.

In June 1930, he expects to return with information about a field of ice around the South pole as large as the United States and Mexico combined, he said.

That region now is in the throes of an ice age, and data obtained there he expects will shed light on the ice age that obliterated life in the North American continent thousands of years ago.

Fifty-five or 60 men will accompany him, but only four will attempt the final 1,000 miles, a trip by airplane over the pole, similar to the one he made across the North pole region a few years ago, he said.

Seventy-Year-Old Mail Man

North Dakota Postman Still Keeps On With Work

Frank Gilby, of Grand Forks, North Dakota, figures he has walked 175,000 miles as a postman in the last thirty-five years, and at seventy he is as actively on the job as ever. In his years of employment with the government he has lost but one day because of illness.

Gilby delivers mail twice a day to an average of 1,000 addresses. He climbs thirty-six sets of stairs twice daily and carries some 600 pounds of mail each week.

In the last thirty-five years he estimates he has delivered 10,500,000 Christmas cards, and says he will never retire on pension as long as he can walk.

Typist—"The boss and his wife are still very much in love with each other."

Cashier—"Are they?"

"Yes. When she's away she writes letters to him whether she needs money or not."

It Testifies For Itself.—Dr. Thomas' Electric Oil needs no testimonial of its powers other than itself. Whoever tries it for coughs or colds, for cuts or contusions, for sprains or burns, for pains in the limbs or body, will know that the medicine proves itself and needs no guarantee. This shows why this Oil is in general use.

A Wealthy District

Wealth Produced in the Lethbridge Division Of the C.P.R. Estimated Over Eighty Million in 1927

The Lethbridge division of the Canadian Pacific Railway made a notable record in 1927, wealth produced aggregating \$80,000,000, according to estimate. Agricultural production was worth \$67,100,000; made up of: wheat, \$41,000,000; other grains, \$6,000,000; sheep and wool, \$1,800,000; cattle and hogs, \$5,750,000; poultry and products, \$2,250,000; dairy products, \$4,000,000; potatoes and vegetables, \$1,250,000, hay and feed, \$2,000,000; and honey, \$50,000. In addition, the production of coal-oil and gas was worth \$11,500,000, sugar \$500,000 and other manufactures \$1,500,000.

An estimated acreage of 104,500 was sown to fodder corn in Western Canada in 1927.

BABY'S OWN TABLETS

ALWAYS IN THE HOME

Once a mother has used Baby's Own Tablets for her little ones she always keeps a supply on hand, for the first trial convinces her there is nothing to equal them in keeping children well. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion, colds and simple fevers, and making teething easier. Concerning them, Mrs. Saluste Pelletier, St. Dumas, Que., writes: "I have used Baby's Own Tablets for the past ten years and am never without them in the house. They have always given the greatest satisfaction and I can gladly recommend them to all mothers of little ones." The Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Help For Asthma.—Neglect gives asthma a great advantage. The trouble, once it has secured a foothold fastens its grip on the bronchial passage tenaciously. Dr. J. D. Kellogg's Asthma Remedy is daily benefiting cases of asthma of long standing. Years of suffering, however, might have been prevented had the remedy been used when the trouble was in its first stages. Do not neglect asthma, but use this preparation at once.

Rash on Arms, Neck and Face. Cuticura Heals.

"I was troubled with an itching rash which broke out in blotches on my arms, neck and face. It itched and burned, causing me to scratch, and scratching caused eruptions. My face was disfigured and I had to bandage my arms. I could not rest or sleep on account of the irritation."

"A friend advised Cuticura Soap and Ointment so I sent for a free sample. I got relief at once so purchased more, and after using one cake of Soap and part of a box of Ointment I was healed." (Signed) Miss Wava C. Carter, Junction Rd., Springfield, N. S., Aug. 30, 1926.

Here and There

Evidence of reconstruction work
in Yokohama is seen through the
fact that a five storeyed steel and

is of fireproof and earthquake-proof
construction and is modelled after
the style of the best Canadian

Toronto.—The Province of Ontario
is at the close of the greatest gold
producing year in its history, ac-
cording to officials of the Depart-
ment of Mines, who forecast an in-
crease in gold production this year
of \$2,000,000 as compared with last
year's output. In addition, the
total mineral production is expected
to be more than \$91,000,000—a gain
of \$6,000,000 over 1926.

Halifax.—Boys' and Girls' Swine
Clubs are now well established here.
Calf Feeding Clubs are also on the
increase and it is expected that in
1928 the latter will attain the same
number in the province as the
former. Egg marketing circles are
also being organized and much
good work is already reported.
These should prove a valuable aid
to the poultry industry.

Preparations for the Banff Winter
Carnival, to be held February
4-11, are well under way. Cana-
dian mushers are training and in-
tend to make a strong effort to
bring back to Canada the "Strong-
heart Trophy" which was carried to
the United States by Warren Cor-
dingly, of Ashton, Idaho. It is an-
ticipated that there will be several
teams from the United States com-
peting again this year.

transportation of cargo between
Canada and the United Kingdom
was feted here recently when W. R.

of traffic of the Canadian Pacific
Railway; W. A. Wainwright, assist-
ant to the chairman, with other
officials of the railway, inspected
the C. P. fast cargo liner "Beaver-
burn" which recently docked here,
completing her maiden voyage.

According to a report covering
the activities of the past year of
the Canada Colonization Associa-
tion, a subsidiary of the Canadian
Pacific Railway, 626 families, con-
sisting of 3,443 persons, were set-
tled on 162,982 acres of land by the
association. The value of these
transactions is in excess of \$6,000,-
000. Nearly 300,000 acres of land
are ready for settlement and pros-
pects for the current year are very
bright.

fore the Board of Trade upon the
services rendered the Dominion by
the late Sir William Van Horne,
founder of the city of Vancouver
and president of the Canadian Pa-

HERE'S AN IDEA

Last year the school trustees, with
the co-operation of the principal, in-
troduced into Stony Creek school a
hive of bees. The idea was primarily
to provide an object lesson in indus-
try, and to give the students an op-
portunity of observing the "busy
little bee" and its methods of "im-
proving the shining hour." The hive
was a transparent affair, made of
glass and constantly during recess,
students were to be seen watching
the bees at work. To the delight of
the progressive board, it was an-
nounced at the annual meeting that
the bees had not only fulfilled their
mission from an educational point of
view but had made honey enough to
keep themselves in food and a sur-
plus which when sold, more than
paid the original investment and the
running expenses of the hive for the
year.—Why not try this interesting
experiment in Gleichen?

OFFENSIVE SIGNS

In keeping with what is becoming
a world-wide protest against of-
fensive signs and billboards, the au-
thorities of Paris have decreed
that no signs shall be displayed on
its famous thoroughfare, the Champs
Elysees, which advertise any goods
not actually sold on the premises.

Recently protests were heard in
Spain concerning objectionable
men's clubs and other organizations
landscape. In this country the wo-
are waging a campaign against the
billboards nuisance.

By their erection of signboards
which spoil the natural scenery along
the highways, and by their en-
croachment in residential sections
of our cities, the billboard people
have brought upon themselves the
just resentment of that section of
the public which has regard for ap-
pearances.

When we become more civilized
the billboard will go the way of the
town crier. As an advertising me-
dium it is anachronism already.

RISE OF A BARMAID

Some years ago Rachele Agostini
was a comely barmaid in a modest
Italian tavern. She had also been
a worker in the fields, a shepherdess
and a household servant.

While a barmaid, her employer
warned her against her attachment
for his son, saying: "Do not let
yourself think of him. It would be
better that you should die. Mar-
ried to him you would have no hap-
piness."

But Rachele had a will of her
own and despite the warning of her
prospective father-in-law she mar-
ried his son. It has turned out that
she might have done worse.

Last month she secured the re-
lease of 300 anti-Fascist exiles
through her influences with the dic-
tator, Benito Mussolini. And how
did this former barmaid obtain such
away over the master of all Italy?

One explanation is that she has
tact and good judgment. Another
is that she is his wife.

The Gleichen and District Board of
Trade annual meeting and election of
officers was held in the Reading Room
of the Canadian Bank of Commerce on
Monday evening, when a large number
of members were present, with Presi-
dent Griesbach in the chair. W. R.
McKie, manager of the Bank of Com-
merce, was unanimously elected pre-
sident, and moved a vote of thanks
to the retiring president, Mr. Gries-
bach, for the energetic manner in
which he had filled the office. Then
each of the following officers, members
of the Council and chairmen of com-
mittees were nominated and unani-
mously elected:

Vice-President, A. D.D. Shore, Sec-
retary, W. P. Evans, Treasurer, J. T.

Featuring the 1928 St. Lawrence
sailing schedule of the Canadian
Pacific Steamships is the incorpora-
tion of two of the four new 20,000
ton "Duchess" class liners now
under construction for the Company
in the Old Country. The develop-
ment of the St. Lawrence route to
England and the Continent has
prompted the Canadian Pacific to
augment their present trans-Atlan-
tic passenger fleet to this extent.

The first of these four huge liners,
the "Duchess of Atholl" was
launched recently on the Clyde,
Scotland, and christened by Her
Grace the Duchess of Atholl, M.P.
The ceremony was attended by a
large gathering of Canadian Pacific
and ship-building officials.

Her Grace in receiving a silver
model of a steering wheel and look-
ing case as a souvenir of the occasion
stated that she knew something of
the joy with which the huge order
from the Canadian Pacific had been

received on the Clyde. The Cana-
dian Pacific she said had entered
the Atlantic service only in 1923 and
had already spent \$100,000,000 in
British shipbuilding yards. No per-
son, she added, could visit Canada
and not be impressed with the
tremendous activities of the Cana-
dian Pacific and what that Com-
pany has meant in building up the
Dominion.

With the launching of this vessel,
ships registering a total of 72,000
tons have been launched for the
Canadian Pacific during the months
of October and November. This is
regarded as a record for a private
company. The four new liners will
be each of 20,000 tons gross
register. In addition to this passen-
ger liner the total tonnage for the
two months is made up by five ex-
press cargo steamers of the "Beaver"
class, and the "Princess Elaine" new
2,000-ton coastal steamer for the
Pacific Coast service of the Com-
pany.

The social committee of Livings
Spring School are putting on a social
dance at the school on Friday, Feb.
3rd, in aid of the piano fund. The
Lewis orchestra will play and a good
time assured to all.

Mr. A. E. Henson of Hanna has pur-
chased the Gleichen Meat Market
from H. C. Mobbs where he will be
pleased to receive a continuation of
the patronage and will do his best to
give satisfactory service. See his
announcement on our next issue.

A letter received by the Call from
Dr. Bowles in Edinburgh indicates he
may be expected to have a real nice
"bur-r" when he returns. He says
he crossed the Channel and spent
Xmas, in "Paris and was delayed re-
turning owing to the great gales.
Most folks are said to delay return-
ing from "Gay Paree," but this is o.k.
—Mrs. Bowles accompanied the doc-
tor. They also saw the Thames in
flood. He is still addicted to read-
ing the Call and receives it regularly.

The Gleichen curlers dance on
Burns night proved a most successful
and enjoyable affair. There was a
splendid attendance from all parts of
the country, about fourteen coming
all the way from Queenstown. Lewis'
orchestra was right up to the peak and
the W. A. ladies served a first-class
supper. The hall was appropriately
decorated and everyone thoroughly
enjoyed the hospitality of the curlers.

The ladies of the Gleichen Women's
Institute held their regular monthly
meeting last night and transacted
considerable business and received a
number of new members into their
enterprising organization. The prin-
cipal business centered in their annual
ball on Tuesday, Feb. 14th. This
year it will be in the form of a grand
masquerade which will open sharp at
9 o'clock, and only those in full cos-
tumes will be allowed on the floor until
11 o'clock, when the ceremony of un-
masking will take place. The hall
will be decorated for the occasion.
Prizes will be awarded, but the pre-
ference will be given to home-made
costumes. The ladies will serve the
supper and Lewis' orchestra will pro-
vide the music.

HOCKEY

(Continued from page 1)

a minute. That finished the rough
stuff. Bob Brown again was the only
one to score in this period by getting a
rebound. This period was faster and
more interesting and the Monarchs
were setting the pace, and yet it was
plain to see that Gleichen had the best
of the play. The Gleichen goalie was
called upon to save only two and
the Monarch goalie the same number
of times. The third period was best of
all. The Monarchs put every man, ex-
cept the goalie, up the ice and got re-
sults. They made the first goal, their
first counter of the game. It was done
by Nason getting a pass from Knight
from behind the Gleichen goal. Bob
Brown next got the puck, and the
Monarch defence being too far up the
ice to be of much use he got through
end scored. The Monarchs then made
a goal when Holly got a pass from
Nason. Si next came into the lime-
light. Si got the puck down near his
own goal, he out skated the Monarchs
forwards who tried to back check but
did not have the speed to overhaul him.
He then went through the defence.
Next the Monarch goalie got busy
and he and Si piled up on the ice a
few feet from the goal mouth, but the
puck just had enough momentum left
to slowly but surely slip into the net
for the last goal of the evening. Si's
play was the most spectacular play of
the night and brought down the house.

The Gleichen goalie saved four
times in this period and the Monarch
goalie 6 times, and those shots the
goalies failed to stop were counters.

Lineup of Teams

Medicine Hat—Goal, Woodhouse;
defence, Horne and Knight; forwards,
Holly, McKay, Nason; subs Asmund-
son, Slater. Manager, W. Knight.
Gleichen—Goal, Al Wilson; defence
O. Wilson and T. Johnston; forwards
Bob Brown, Tiger Lyon and Si Mc-
Kay; subs, C. Brown, Bill Taylor;
Pat Beach sub Goal. Manager A.
Lewis.
Referee—G. R. Lynch, of Calgary.
A. Wilson Gleichen's crack defense
man got started down the ice several
times on a solo rush but failed to score.
He generally makes a counter when
he plays and on one occasion all but
got through. He made one assist
though.

Not counting the goals, Gleichen
certainly has got the better team, all
the boys can out play and out skate
the Monarchs.
Bob Brown is certainly the great-
est goal getting star Gleichen ever
had. His shooting Saturday was very
accurate.

Tiger Lyon is another great goal
getter, although on Saturday night
he did not score. When he started
to trundle the puck up the ice his op-
ponents certainly got busy.

Si McKay is another forward who
is highly proficient with his stick
when he gets the rubber on the end of
it.

Then we have on the defence
Austin Wilson, a crackerjack at
that work, and the player who gets
by him has got to go some.

Also on the defence is Tom Johnston
a man who is afraid of nothing in the
shape of a hockey player. Last year
he was a sub.

Next we have in the goal Al Wilson,
and we doubt he has few peers
in any amateur team in Alberta. If
he gets his eagle eye on the puck it
rarely gets by him. Frequently he
outshines every player on the ice.

On the subs we have J. Wright, Cam
Brown and Bill Taylor, while Pat
Beach is the sub goalie. Both
Cam and Bill were used Saturday
night. In another year these boys
will have the ability of the older play-
ers of the Battery team.

Alex Lewis manager and Jack Moss
trainer of the hockey team deserve
much credit for the efficient state that
they have brought the hockey team up
to.

And last but not least is George
O'Bray, he is without peer, without
a near rival, in fact he has a monopoly
on his stuff. He is half the whole
show and can create more laughs per
hour at the expense of his friends
than most professionals.

The 22nd Battery hockey team
bring more publicity to Gleichen
than any organization or individual
ever has.

We all think it some honor to be able
to defeat the best that Medicine Hat,
a city of 7000, can produce. It cer-
tainly is.

The Arrowwood juniors and the
Gleichen Shieks played a hockey
game on the Gleichen rink one night
last week when the Shieks came
out on top with a score 7-1. A small
crowd was on hand owing to the shir-
notice given. Notice being given
a few minutes before the game began.
The uniform of both teams looked so
much alike that it caused endless con-
fusion among the players.

The first two periods were rather
slack and one-sided, Gleichen scoring
four times, but in the last period the
fans were treated to some fine per-
formances, when Arrowwood put
their backs against the wall and de-
termined to score at least once. One
of their subs, Francis Mason, man-
aged to shoot the only counter that
Arrowwood got, thus making the final
count 7-1 in favor of Gleichen.

The following scored: Arrowwood,
Mason (1), Gleichen, Cam Brown (3),
Tom Brown (1), Bill Taylor (2), Rish-
aug (1). Walter McKay of Gleichen
refereed the game.

Lineups

Arrowwood—Goal, A. Lackie; de-
fence, Mackie, Hepburn; forwards,
McLeod, Cleveland, Mason; subs, Don
Beagle, Roberts, F. Mason, Manager,
Borthwick.

Gleichen—Goal, Pat Beach; defence,
Taylor, Rishaug; forwards, C. Brown,
T. Brown, House; subs, Mattson, Boos,
James. Manager Si McKay.

SYMPHONY ORCHESTRA

Again the Gleichen Symphony Or-
chestra is coming to the fore with the
announcement that one or two con-
certs will be given to the residents of
Gleichen during this season. The
first one will likely be arranged for
the month of March. The officers
and executive for the year 1928 are
as follows:

President, O. J. Cantelon.
Leader, J. Eglese.

Sec-Treas., S. E. Dafeo.
The musicians are:

Violin: R. A. Brown, Elmer Bol-
inger, Alex Lewis, W. Sutermeister,
Rowan Wright, Betty Kelly, and John
Spotted Eagle.

Cornet: Chas. Wood and O. J.
Cantelon.

Bass: O. T. Lyon.

Trombone: R. Brewer.

Drums: S. E. Dafeo.

Piano: J. Eglese.

This year's program will consist of
number of popular pieces as well
classical music. The musicians
are hard at work, practicing every
Monday from 8 to 10 p.m. many
solo numbers will be interspersed
with the orchestration. There will
be something for everyone.
